Dear Mr Levy

Many thanks for your letter of 5 April to the Environmental Audit Committee about the session with George Eustice on Marine Conservation Zones. You suggest that the Committee should put some further questions to the Minister, in writing. The Committee has now finished taking oral evidence for this inquiry and I think it would help the Committee to have a little more background on the points you are making and to be able to publish your arguments. Would you be able to send the Committee a submission including a bit more of the background, please ? This would then be circulated to all members and it would also be formally published by the Committee. The link to the evidence portal is below.

I hope this will be possible.

Many thanks
