Dear Sir/Madam

Failure of the Responsible Cabinet to Respond to our May 6th Letter and List of Questions to President Barroso on Serious Anomalies in the Disbursement of EU Fisheries Subsidies

We thank you for your letter of May 30th, in which you advised us that the responsible Cabinet would be replying quickly to our above communication. However, we have to advise you that we have heard nothing whatsoever from them.

We therefore write to request that their reply to this most important public-interest issue is now forthcoming, especially in that: -

The Subsidies are paid by European Tax-Payers
Many of these Subsidies have been the main Cause of the Destruction of Europe's Fish Stocks
In face of the Policy of Transparency, The Commission appears to have been running an effectively Un-Audited System in this Area

We look forward to hearing from you.

Yours sincerely
