8th July 2010.

For the attention of: Dr Mark Russell, British Marine Aggregate Producers Association
Gillingham House, 38-44 Gillingham Street, London SW1V 1HU.

Dear Mark, East Anglian Regional Environmental Assessment : Scientific Studies.

Thank you for your letter of 25th June in reply to our letter, dated 29th May 2010.

I have enclosed a copy of the reply we have received from AODA's consultants, Emu Ltd, concerning our request that the East Anglian Marine Aggregate Regional Environmental Assessment include the scientific studies that our members have requested. As you will see from the reply, no such commitment has been given at the present time. Also enclosed is our response to Emu Ltd, dated 8th July 2010

We believe that the East Anglian REA needs to address, in order to ensure its integrity, the scientific matters which we have detailed.

We would be most grateful if you could use the good offices of BMAPA to facilitate the amendment of the East Anglian REA along the lines we have recommended, and I enclose a copy of our latest letter dated 8th July 2010 to AODA's consultants to assist you.

Sincere regards

S. D. Eades
On behalf of
MARINET.
